

Merci di culto Alessandra Scarfò Design

collezione Merci di Culto

Un omaggio al design e alla sua storia, richiamando alla memoria ciò che Carmagnola e Ferraresi definirebbero “merci di culto”. In questo regno la merce è molto più che se stessa: in essa convergono un'infinità di interessi e suggestioni collettive.

A unique tribute to the history of Design.

These objects remind us of Carmagnola and Ferraresi concept of “merci di culto”, cult products.

In this world the product is much more than a simple object: it encloses an infinity of interests and collective suggestions.
